Y.M.C.A. ROOTERS

Their Basketball Team Defeats L. D. S. U. and Ties for State Championship.

The rooters of the Y. M. C. A. have not been as happy in many days as they were when the pistol shot announced the close of the basketball game between the team and the Saints in the Y. M. C. A. gymnasium last evening. The final score was 27 to 17. By winning the game, the Y. M. C. A. now stands one won and one lost, with the big three of the state league, the L. D. S. U., B. Y. C. and B. Y. U., and no matter which one of these three captures the state school championship, the Y. M. C. A. will dispute the title for the open champion

Last night's victory was bigger than the Last night's victory was bigger than the most ardent admirers of the Y. M. C. A. expected. The Saints did not appear to show in as good form as they have so far this season, and in the first half. seemed to be slightly attacked by stage fright. In the second half they did better. The "Y" team did much better basketwork from the field and did equally as good work in passing the ball as did the Saints.

1908 SPORTING ANNUAL IS NOW READY

The Herald's Sporting Annual for the year 1908 has been received from the printers and is now ready for distribution. This is the third annual edition of this valuable record of Utah sporting events and will no doubt meet with the hearty approval of the fans that the editions of the past two years have. In addition to containing the records of the previous editions, all the records made during the year 1907 have been inserted in their proper places in this book. All the football games of the year, the bicycle and horse records broken last season, the corrected track and field records for the A. A. U., college and university and high school, new swimming, tennis and golf records, standing of state basketball league, new bowling and shooting records and all the pugilistic events of the year, are some of the added features.

Not only does the book cover every Utah record, but it has a complete sporting chronology for the year 1907, showing every important sporting event in the world for the year. It gives every important pugilistic battle, the winner of every big turf event, the pennant-winning baseball teams, the scores of the world's championship series, scores of all big eastern football games, and champions of the year in different sports.

The book is compiled in vest pocket size. Copies can be obtained at the business office of The Herald or will be mailed to any address upon the receipt of ten cents.

After doing a day's work yesterday, Allen boarded a Murray car and went down to Big Cottonwood. After a few minutes' fishing he hooked a trout that was big enough to furnish a meal for a large family. Bringing it to the city, a tape showed it was a full twenty-five and one-half inches in length and its weight was six pounds. Allen used an ordinary line and hook and used a minnow bait. The fish was a native trout and one of the largest ever caught around this part of largest ever caught around this part of the country. It was landed a few hundred yards below State street, in the Big Cottonwood stream.

S.S.S. HEALS

The deep, underlying cause of every old sore is a bad condition of the blood. This vital fluid has become infected with some germ or poison which prevents the place from healing. This infection may be the result of an inactive, sluggish condition of the system leaving the refuse matter in the body to be absorbed into the circulation instead of throwing it off through the usual channels of nature. Another cause is the weakening or polluting of this life-stream from hereditary taints, or from the effects of a long spell of sickness, leaving disease germs in the system. When the blood is in this condition a sore cannot heal because the impurities with which the circulation is filled are being constantly discharged into the place to irritate and inflame the tissues and further disease the surrounding flesh. The only treatment that can do any good is one that removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain head of the trouble and drives out all germs, impurities and poisons, and then the place, being supplied with rich, pure blood, heals naturally and permanently.
